**Chewonki Presentation at Vose
Library
Wednesday, June 8th from 4-5 inside
the library
(Part of our Vose Summer Reading Program)**

The Chewonki *Biomes* program brings ecosystems to life using slides, activities, and live animals. The program we are presenting for you is a modified *Biomes* presentation that will spend time exploring one far away biome and two that are closer to home: the temperate forest and marine biomes. Students will leave the program with a heightened understanding of the biodiversity, resilience and global importance of these amazing biomes.

Please give us a call (785-4733), email (librarian@voselibrary.org), or stop by to let us know if you'd like to attend.

TECH TUESDAY

Phone, tablet, or laptop questions? Come to Tech Tuesday!

Tuesday, June 7th is our next Tech Tuesday from 6-8pm. We're here to help with your technology. Bring along your questions, devices, and concerns.

Give us a call (207-785-4733) or email (librarian@voselibrary.org) in advance so we'll be sure to have the right resources on hand.

JUNE CURBSIDE CRAFT KIT

Stop by Vose and pick up a June curbside craft kit for all ages.

This month our kit creates a cupcake liner fish picture to go along with the theme of our Summer Reading Program: Oceans of Possibilities.

The craft kits will be available at Vose starting Tuesday June 7th.

VOSE LIBRARY NEW STAFF

Please welcome our new Library Assistant, Diane True, to Team Vose. Diane moved to the area 5 years ago to spend more time being Nana to her grandbabies. She loves crafting and will talk knitting with you any chance she gets! Kristin Gould, former Library Assistant, has moved to the Library Director position. We look forward to our role in making Vose Library the best it can be.

UNION ELEMENTARY SCHOOL STUDENT ART SHOW

Now on exhibit at Vose Library is the 2021-2022 artwork by Union Elementary Students under the direction of teacher Anthony Lufkin. Be sure to come view the amazing variety of art on display. You will be glad that you did.
